Creating an online EVCOM Market Place

Dear Members,

We are extremely proud to position clients at the heart of everything we do.

Our revised Code of Ethics is now being used as a pre-qualifying criteria for a number of published business opportunities. Our RFP referral process is in its infancy but gaining traction and we are working hard to build this platform to become a truly interactive and on-line market place for members.

Creating this directory has been a next step in the journey to seeing a true "EVCOM Market Place" for members come to life.

We hope that more members will submit their entries. We will share case studies of collaboration and co-working very soon as there are many great examples of both.

We will update content quarterly and – with your help – see it grow.

The next step is to make sure that it is digitally enabled for much easier updating.

Thank you for your support

Leigh Jagger

Code of Ethics

Client First	Our clients are our number one priority – client interests always come first.
Collaboration	We will work with our clients, all other suppliers and partners, as consummate professionals. We will operate on a trust-based partnership with all whom we work with to secure the best outcome for our client.
Integrity	Everything we do on behalf of our client will stand the light of day. From income sources, to suppliers used, and fees invoiced.
Respect	We will hold our clients, partners and suppliers in the highest regard, irrespective of race, religion, disability, gender, age or sexual orientation.
Passion	We will bring to bear our passion and the fire for our work that is a reflection of our commitment to our clients and a reflection upon us as professionals.
Excellence	In the service we provide, from advice to execution, we will strive always to do the best work possible for our clients.
